SELF-HELP LIST

TEDX, a non-profit organization, gathers and interprets scientific research relevant to chemicals called endocrine disruptors. These chemicals interfere with hormones that control our development and function.

For more information regarding endocrine disruption science and news, please visit the following websites:

Our Stolen Future www.ourstolenfuture.org

Environmental Health News www.environmentalhealthnews.org
Produces a free daily electronic newsletter, Above the Fold.

This list of websites is compiled to help you find more information about the use of chemicals in every-day products and safe alternatives:
